When the book goes to the USA, it will be called The Kama Sutra in an English translation. The book uses a very simple style of instructions. It is suitable for men or women. It includes illustrations that will guide you through each position. It includes an introduction to tantric sex. It is a very easy read. Why do you need this book? This book is a good way to learn about the Kama Sutra. It includes positions for both genders. It is one of the first texts to include a woman's perspective. It is a good starting point for many people. It provides the basic elements of the Kama Sutra in a short and easy to understand format. It is also interesting because of the foreword by Jean Lafitte. She writes about her marriage and sex life. This book covers the oral and vaginal aspects of sex. It includes positions for both genders. It includes in it both positions that are meant to be used on a bed or a floor. There are also positions meant for oral sex. These include five basic positions. They can be used for oral sex alone. They

can be used for vaginal sex alone. They can be used for a combination of oral and vaginal sex. The oral aspects include sucking the tongue. The vagina includes licking and sucking the clitoris. They both involve two ways to please the female partner. The drawings will guide you through the sexual positions. There are 20 positions in the book. They are divided into three parts. They include five basic positions for oral sex and five basic positions for vaginal sex. The oral sex positions include the names of the body parts that are involved. The vaginal sex positions include the names of the body parts that are involved. There are also positions that cover a combination of oral and vaginal sex. They include more than one way to please the female partner. They include the female on top of the male and vice versa. The sexual positions include positions for both genders. It is very different from the other Kama Sutra books. How does it work? It works in a very simple and straight forward manner. It covers the basic elements of the Kama Sutra. It includes simple instructions that will guide you through all the positions. It includes illustrations of the position. It can be used by a man or woman. It includes a foreword by Jean Lafitte. She shares her personal story and her understanding of the Kama Sutra. It is a very easy read. Part 82157476af
